

## Cài đặt chứng chỉ ssl trên share ip Directadmin

1. SSH vào server chạy lệnh : nano /usr/local/directadmin/conf/directadmin.conf
2. thêm vào giá trị : enable\_ssl\_sni=1
3. Restart directadmin và apache :

```
service directadmin restart
```

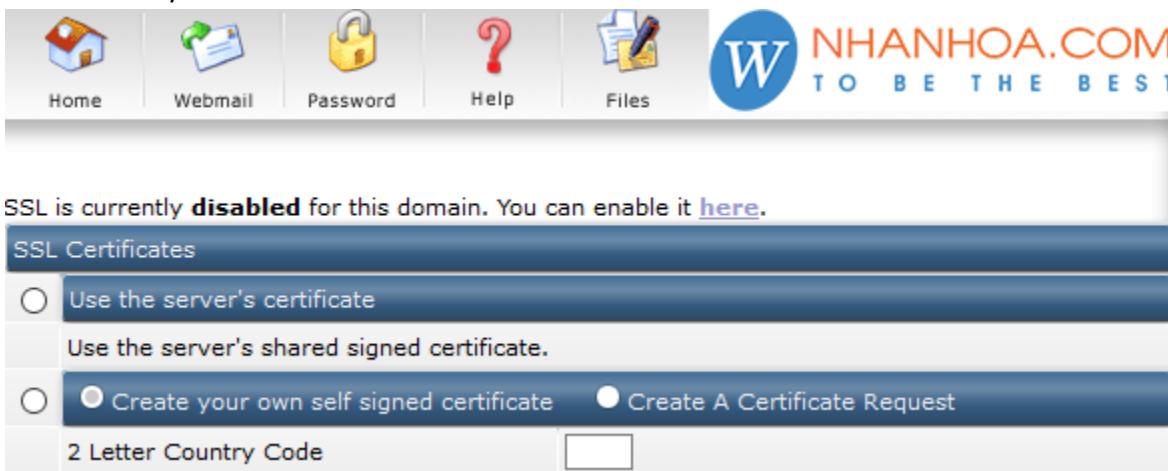

```
service httpd restart
```

4. Đăng nhập vào direct admin vào phần SSL Certificates

The screenshot shows the 'Advanced Features' section of the DirectAdmin control panel. On the left, there is a sidebar with links: 'SSL Certificates' (which is currently selected and highlighted in blue), 'Mime Types', and 'Apache Handlers'. On the right, there is a list of links: 'Custom Error Pages', 'phpMyAdmin', 'Site Redirection', 'Domain Pointers', 'Resource usage', and 'Select PHP version'. At the bottom of the sidebar, it shows the current domain: 'dthien > dodinhthien.name.vn'.

5. SSL is currently disabled for this domain. You can enable it [here](#)

The screenshot shows the 'SSL Certificates' configuration page. At the top, there is a navigation bar with icons for Home, Webmail, Password, Help, and Files. To the right of the navigation bar is the NHANHOA.COM logo. Below the navigation bar, a message states: 'SSL is currently **disabled** for this domain. You can enable it [here](#)'. The main form has two radio button options: 'Use the server's certificate' (selected) and 'Create your own self signed certificate'. There is also a checkbox for 'Create A Certificate Request'. At the bottom of the form, there is a '2 Letter Country Code' input field with a dropdown menu open, showing the option 'VN'.

6. Tic vào ô Secure SSL và Use a symbolic link from private\_html to public\_html - allows for same data in http and https rồi save

The screenshot shows a web-based control panel for Nhanhoa.com. At the top, there are links for Home, Webmail, Password, Help, and Files, along with the Nhanhoa.com logo and slogan 'TO BE THE BEST'. Below this, a form titled 'Modify dodinhthien.name.vn' contains several configuration options:

Bandwidth (MB)	0	<input checked="" type="checkbox"/> Same as Main Account
Disk Space (MB)	0	<input checked="" type="checkbox"/> Same as Main Account
